PRESIDENT'S MESSAGE

It is a joy to be able to serve you again as President of the Texas Wendish Heritage Society, and in the process learn more of what our forefathers did for us.

Our ancestors went through much tribulation and effort to give us what we have and enjoy. Of all the benefits, Freedom of Religion is the most important we now have. Most people here in the United States are not enjoying and reaping the true benefits which could be theirs thru worship and studying God's word.

The International Lutheran Laymen's League just finished filming the persecution which took place years ago in Russia. The Russian government separated the men and women and shipped the women and children to Siberia. These people were placed in railroad box cars with nothing but what they could carry. There was no food, no water, and no facilities. The ground was covered with snow when they arrived.

Our ancestors experienced hardships when they came to this country which they considered the Promised Land. Too bad that we cannot repay them for what they did for us. We can, however, thank God for His grace that we are able to enjoy our many blessings.

Continue to attend worship services, study the Bible and through the blessings of the Holy Spirit we will continue to enjoy blessings beyond imagination.

It is not too early to mark your calendars and make plans to attend the Wendish Fest, Sunday, September 22, 1996. There will be a small group from Germany who will entertain us.

The Lord bless you until the next time!

Ken Weiser
President

FEBRUARY PROGRAM

It will be our pleasure to have David Chroust, a librarian on the faculty of Texas A&M University in college Station, to present a book review of Gertrud Mahling's book, K BROJOHAM NADZIJE H (To the Shores of Hope). He will review the section that deals with the migration of the Texas Wends. Last autumn, Mr. Chroust made several research visits to Serbin and prepared a paper on our library and archives, which he will present at the Texas Library Association's Houston conference in April. He is interested in the Wends of Texas because he was born (1962) in Teplice, a city in the Czech Republic that lies 45 mile southwest of Bautzen, Germany. Though he grew up in Ohio, he has never stopped speaking Czech, which is why he can also read the Wendish/Sorbian language. He also speaks German, Russian and Serbo-Croatian.

Thank you to Fred Boriack, Marvin Schwausch, and Walter Zoch for moving and stacking the many cases of books in the work room.

Fred Boriack donated a wall phone and all the supplies and spent an entire morning installing it in the Kilian building. THANK YOU !!
GERTRUD MAHLING of Bautzen, Germany, has sent the library a copy of the German version of her book, UFER DER HOFFNUNG (To the Shores of Hope). The "book launch" for the German version was in Bautzen in November 1995, and was attended by Dr. George R. Nielsen, author of IN SEARCH OF A HOME.

Also, in attendance were Beverley and Benno Gotzky of East Malvern, Australia. We thank Gertrud for her donations to our library.

We also want to thank BEVERLEY and BENNO GOTZKY of East Malvern, Australia, for their many donations of Sorbisch newspapers, videos, photographs of Australia and Germany, booklets and brochures of the Lusatia area, and especially, for the detailed portfolio Beverley put together. The portfolio includes a copy of the speech about the Wendish migration to Australia in the 1800's; that she had given at our Wendish Fest in September, beautiful colored photos of Wendish costumes, history of the Albert family, numerous newspapers, articles and maps.

In July of last year, we were honored with two other gifts from foreign visitors. PAUL JUNKER of Stadtroda, Germany, gave us a copy of DIE SCHLACHT BEI BAUTZEN - AM 20./21. MAI-1813, which gives an account of Napoleon's invasion of Bautzen in 1813. JOHN A. GROSSE from Lyons, Australia, donated a copy of Andreas Jacob Wenke's journal of his world travels titled, "My Briefly Compiled Travel Experiences in the Year 1907"

WILLIAM ALBERT KARISCH, JR. of Spring, Texas donated the book, THE MEN AND WOMEN IN WORLD WAR II FROM FAYETTE COUNTY, in memory of his father, William Albert Karisch.

We would like to thank the following for their genealogical contributions in 1995:

- VERNE M. KOLBA of Plainfield, Illinois, for the Matthaus Kolba Descendant Chart.
- EDWARD H. BERNTHAL of Waupun, Wisconsin, for "The History of the Family of Adolph F. Michalk".
- BURNLEY PARKER of Brenham, Texas, for the book he compiled, "Descendants of Michael and Rosina Dube and Christoph and Maria Wuensche".
- DAVID BORIACK for the book he compiled, "Boriack Family Tree".

This is a large book containing descendant charts and history of the John Boriack, Sr. family, and is available for purchase for $18.50 from David Boriack, Route 1, Box 77-B, Lincoln, Texas 78948.

TOOURS

We had a good time hosting the Phase III Group of St. Mark's Lutheran in Houston on January 24th. They came for coffee cake and coffee, tours of the church and Museum, and a luncheon. Twenty-four people attended the day's outing.

We have two luncheons and one tour only scheduled for March. April shows 10 tours with 9 luncheons so we will be very busy. One luncheon is scheduled for May and one for June. Two tours are scheduled for September with one luncheon.
One item, of major significance, was omitted from the last Newsletter, partially because we were a bit indecisive as to exactly what should be said. This had to do with our guests from Australia, Beverley and Benno Gotzky, who had made a special effort to be here for the Wendish-Fest. Beverley had prepared a presentation about the Wends who migrated to Australia, which was included in the program of events for the day, but due to our own logistical problems, and the hot weather, was presented under adverse circumstances, at best! An outdoor setting in September, in Central Texas leaves a lot to be desired. We apologize for the setting, but the weather conditions are beyond our control. Beverley's research for this presentation was quite extensive, and she has very generously donated the portfolio to our library. (Additional information about this can be found in the library article of this edition.)

Beverley and Benno also brought along her authentic Wendish costume (pictured at right) to be displayed in the Peter Building on the day of the Wendish-Fest. Due to all of the other activities and events taking place during our one-day fest, we felt that many people did not get the opportunity to see and appreciate the costume. We have tried to do the next best thing by preparing a video presentation in which Beverley, while wearing the costume describes the historical background of her particular costume. She also gives some insights into how these costumes, when properly understood, could tell so much about the women who wore them.

Since we feel that neither the presentation on the Wends of Australia, nor the costume received the attention that we would have liked, we decided to call special attention to the fact that the portfolio is now in our library, and that we would use the video of Beverley's costume for the program at our May meeting of the Society.

Since the Gotzkys traveled half-way around the world to get here for the Wendish-Fest, and devoted a lot of time and effort to both of these items, we trust that the aforementioned will be the best way to maximize their efforts.

GENERAL MEETING
NOVEMBER 19, 1995

The General Membership meeting of the Texas Wendish Heritage Society was called to order by Laverne Gersch, President, at 2:00 pm on November 19, 1995.

Due to the death and funeral of Willie Zoch, Pastor Paul Hartfield was not present.

DEVOTION: The devotion was given by Ken Weiser and taken from Proverbs 20:4: "The sluggard does not plow in the autumn; he will seek at harvest and have nothing". A sluggard is a habitually lazy person. Too lazy to plow. This passage reminds Ken of the log cabin. It took much time to prepare one log. Everything done by hand.

Connection to today? We are blessed with time on our hands; but, we DO NOT utilize our time on positive things. We have negative thoughts which come from too much television viewing. TWHS can help – take quilting. This is not always a lady thing. Boys/males can sew. Do something positive – on a weekend have a quilting party. Could be an activity for young people. It would be different: positive and productive. Our forefathers worked hard. They were up early, before sunrise, and not home until after dark. The forefathers worked hard, so lets make sure we are true by setting an example and thereby bear fruit.

Thank you, Ken.

WELCOME: All members and guests were welcomed by President Gersch. Fred Boriack – first a member and today attended first meeting. Guest: Barbara Young. New Member: Doris Rism from Lexington, Tx.

There is much historical relationship of the Texas Wendish Community to the existence of Concordia and it is hoped the long history can be maintained.
